Ultramid® A3UG5 in Nader MCCB Housing

BASF
The Chemical Company

Product : **Ultramid® A3UG5 GR32210**

Application : **MCCB Housing**

Customer : **Nader**

Performance/Advantages :

- Thermoset replacement
- More enviroment friendly compared with Dough Molding Compound(DMC)
- Good electrical insulation and CTI properties

Source : Market Development/A-PME

A-PME, Engineering Plastics Asia Pacific

Product disclaimer

The information and data given here are based on our current knowledge and experience. This does not relieve the purchaser of our products from incoming inspection. The information and data do not describe the suitability of the product for a specific application. Composition - and durability statements - as well as any other statements are not to be considered as a warranty.

The values contained herein are based on analysis/testing of laboratory test specimens and represent data that fall within the normal range of properties for natural materials, unless stated otherwise. Colorants and additives may alter properties.

This information is provided as a service for comparative purposes only and in no way constitutes any product specification or the like. For component design the data contained herein are applicable as guideline only.
