

Vegapure® 867 G E

Chemical names of active ingredient

Plant sterols, phytosterols

PRD-No.

30798810

Articles

50781770 15 kg bag in box

Main active: Beta Sitosterol

Country of origin

USA (micronized in Germany)

Description

Vegapure® 867 G E plant sterols are a finely ground powder of naturally occurring phytosterols derived from pine trees. It is rich in Beta Sitosterol.

Composition

Ingredients in descending order of weight:
Plant sterols.

Solubility

Soluble in organic solvents, poor soluble in vegetable oils and fats; insoluble in water.

Standards

Product is kosher and halal.

Please see document „Quality and Regulatory Product Information“ (QRPI).

Specification

| Assay | |
|----------------------|----------|
| Total sterol content | min. 99% |

For further information see separate document “Product Specification”.

Regulations

Plant sterols have GRAS (generally recognized as safe) status for use in food applications in the USA. They have also been approved as Novel Food ingredient for several specific functional food applications within the EU as well as in many other countries. However, specific regulations on the product and its ingredients in the respective countries and for its intended use have to be observed. Vegapure® 867 G E is derived from not genetically modified raw materials and is thus not subject to labelling under EU Regulations (EC) 1829/2003 and 1830/2003.

Stability, Storage and Handling

Stored in its unopened original packaging at ambient temperatures (max. 25 °C), the product is stable for at least 48 months.

Store under cool and dry conditions in tightly closed containers. Protect from heat, light and humidity. Powdered material may form dust explosive dust-air mixtures.

Applications

Food and beverage products:

Vegapure® 867 G E is intended for use in functional food prepared through dry mixes such as sterol enriched bread. The product can also be applied in cloudy beverages such as juices via high shear mixing/high pressure homogenization. It is almost neutral in taste and odor.

Dietary supplements:

Vegapure® 867 G E is also intended for use in supplements. Selected applications are hard shell capsules and tablets.

Notes

Vegapure® 867 G E must be handled in accordance with the Material Safety Data Sheet.
