

Lamegin® ZE 609 Powder

PRD-No.
30530608

Articles

50208649* 25 kg multilayer paper bag with PE-lining

* This product is vegetarian, halal, kosher, gluten free

Country of origin
EU

Description

White to light beige powder with a slightly fatty odor.

Citric acid esters of mono- and diglycerides of fatty acids.

Due to its anti-sticking and emulsification properties this product can be used in a wide range of food applications, e.g. confection, meat and sausage applications as well as a processing aid.

Composition

Ingredients in descending order of weight:
Citric acid esters of mono- and diglycerides of fatty acids (E 472c).

Standards

Lamegin® ZE 609 Powder complies with the current specifications established by the Joint FAO/WHO Expert Committee on Food Additives (JECFA) and the current EU Regulation laying down specifications for food additives.

Manufactured under ISO 9001 as well as HACCP methodology.

Citrem

Specification

For further information see separate document: "Standard Specification" (not for regulatory purposes) available via BASF's World Account: <https://worldaccount.basf.com>

Storage conditions

The product should be stored at temperatures below 30 °C, in a dry place.

Shelf life

In its unopened original package under the mentioned conditions the product has a shelf life of 24 months.

Applications

Wide application in food industry, e.g.

• Fondants:

Lamegin® ZE 609 Powder stabilizes fondants against freeze thaw temperature variations, reducing water separation

• Toffee coating:

stabilizing fat in the toffee, reduces stickiness

Coating of meat and sausages (liver sausage, boiled sausage).

Dosing

Following dosings of Lamegin® ZE 609 Powder are recommended of total amount:

Fondants	0.2 – 0.4%
Toffee coating	0.1 – 0.3%
Emulsifier	max. 5% (calculated on total fat)

Detailed recipes are available on request.

Summary

Lamegin® ZE 609 Powder can be applied in products with stickiness issues, such as boiled candy, gum, low fat cereal bars.
