

Lamegin[®] GLP 2410

PRD-No.

30532012

Articles

50209646* 25 kg paper bag with PE-lining

* This product is vegetarian, halal, kosher, gluten free

Country of origin

EU

Description

White to slightly cream powder with a neutral to slightly fatty odor.

Lactic acid esters of mono- and diglycerides of fatty acids.

Applicable in whipped topping applications due to air inclusion properties.

Composition

Ingredients in descending order of weight:

Lactic acid esters of mono- and diglycerides of fatty acids (E 472b).

Standards

Lamegin[®] GLP 2410 complies with the current specifications established by the Joint FAO/WHO Expert Committee on Food Additives (JECFA) and the current EU Regulation laying down specifications for food additives.

Manufactured under ISO 9001 as well as HACCP methodology.

Specification

For further information see separate document: "Standard Specification" (not for regulatory purposes) available via BASF's World Account: <https://worldaccount.basf.com>

Storage conditions

The product should be stored at temperatures below 20 °C, in a dry place.

Due to the fact that no anti-caking agent is added, lumping may appear; even under best handling and storage.

Such lumps can easily be crushed and will not influence the product performance.

Shelf life

In its unopened original package under the mentioned conditions the product has a shelf life of 24 months.

Applications

Used as an aerating emulsifier in whipped toppings as well as in cake shortenings. It improves aeration and foam stabilization in whipped toppings and dairy desserts.

Dosing

Recipes are available on request.

Summary

Lamegin® GLP 2410 is a Lactem which can be mainly used in whipped topping applications.
